Hatchery (250) 474-6698

2011 09 15

Mr. Christoph Moch,
4402 Elnido Cresc.,
Victoria, BC
V8N 4Z6

Dear Christoph:

On behalf of the membership of the Goldstream Volunteer Salmonid Enhancement Association I would like to thank your group for another generous donation to the association's funds. We are very grateful for the support we receive from individuals and organizations around southern Vancouver Island.

As part of our ongoing efforts to enhance pacific salmon stocks in our region, we are constantly identifying new construction projects and hatchery infrastructure upgrades that need to be addressed. For example, while we have recently put several of our new 14 ft. tanks into operation, much work is still required on some of the others to make them operable. Also the original two of our 12 ft. round tanks have deteriorated beyond repair and must be replaced. We also have long range plans for the reconstruction and expansion of our incubation facilities in order to increase fry production. Since these projects will be costly, the donations that we receive are very important in our planning processes.

Should any of your group wish to visit the hatchery, please do not hesitate to contact either myself or Peter McCully at the hatchery (250-474-6698) and we can arrange it. The months of October and November are usually busy and exciting as we deal with hundreds (we hope) of returning broodstock, and a visit is usually worthwhile.

Again, many thanks.

Yours truly,

Phil Graydon, Secretary Treasurer
